Quantitative Evaluation of Digitized Images of Tai Chi/Qigong Performance Associated with Changes in Blood Flow Measured by Laser Doppler Flowmetry

Shreyansh Mehta

DDS Candidate at NYU College of Dentistry (Class of 2026)
Pasadena, California, United States

Summary

I am a fourth-year dental student at NYU College of Dentistry with a strong commitment to comprehensive patient care and continuous clinical growth. I value thoughtful, evidence-based dentistry and take pride in delivering high-quality, compassionate care. Upon graduating in May 2026, I am seeking an associate dentist position where I can contribute meaningfully to a team-oriented practice, continue developing my clinical skills, and provide excellent care to a diverse patient population.

Experience

Bridging Smiles Organization @NYU
1 year 10 months

Vice President
May 2024 - May 2025 (1 year 1 month)

Oversaw and guided an executive board, leading peers in planning and executing community outreach, professional development, and service initiatives. Expanded the scale and impact of events across schools, shelters, and local organizations, reaching broader audiences with oral health education.

Outreach chair
August 2023 - May 2024 (10 months)

Led outreach events at schools, shelters, and virtual platforms, delivering oral health education to diverse and underserved communities.

88.9 FM / KUCI RADIO
Radio DJ
January 2022 - June 2022 (6 months)

Hosted a 2-hour weekly radio show, Bollywood Spice, managing song selection, audio output, and transitions while sharing my favorite Bollywood music and promoting Indian culture to listeners.

UC Irvine

Undergraduate Research Assistant

September 2021 - June 2022 (10 months)

UC Irvine

Conducted research on mind–body practices using advanced physiological and motion-analysis technologies. Assisted with data collection and analysis involving laser Doppler flowmetry, electrocardiography–based heart rate variability, electromyography, and 3D motion capture using the Microsoft Kinect platform to study movement patterns in Tai Chi and yoga.

Pre-Health Mental Wellness Club

Co-Founder and President

September 2021 - June 2022 (10 months)

Founded and led a student organization focused on addressing burnout and mental health challenges among pre-health students during the COVID-19 pandemic. Created a supportive, inclusive community that fostered open discussion, peer support, and resilience, bringing together students across disciplines to promote well-being and collective problem-solving.

Swim Club at UCI

Treasurer

June 2019 - June 2020 (1 year 1 month)

Managed a $10,000+ annual budget for an 80+ member swim club, coordinating travel, events, disbursements, recruitment, and occasional coaching as part of the executive board.

Education

New York University - College of Dentistry

DDS (Doctor of Dental Surgery) · (2022 - 2026)

UC Irvine
